Handpoint

POWERING NEXTGEN POS

Mobile + P2PE + Semi-Integrated + Receipts = Point of Sale Reimagined

Hi5 NFC

Handpoint*

Hi5
NFC

The Handpoint Hi5 brings the mobile payments experience to your customers. Featuring a built-in printer, it's perfect for service companies looking to take their mobile first experience to the next level. Combine with Handpoint's tip adjustment or onscreen tipping for your ideal EMV tableside solution.

The Hi5 is semi-integrated with P2PE Security, which minimizes your PCI burden AND protects your customers

Activated in minutes - with remote support direct to your card reader, no matter where you take it in the field or in your store.
